URGENT-Drug Recall

July 19, 2018

Dear Plan Sponsor:

The United States Food and Drug Administration (FDA) has issued a Voluntary Nationwide Recall of Valsartan and Valsartan HCTZ for the manufacturers listed below. These are the generic equivalents for Diovan and Diovan HCT, respectively. Valsartan is a medication that is commonly prescribed to treat hypertension and heart failure.

This is a Voluntary Recall which means the members should continue taking their medication and contact their physician or healthcare provider.

For additional information members can access the recall section on the FDA website at www.fda.gov. Also, the members can contact the customer support hotline for the specific manufacturer of their medication. The manufacturer can be found on the medication vial, if it is not on the medication vial please call the dispensing pharmacy.
